

The Redstamp CCU-3000-4 Case Cutter utilizes fully automated high speed and versatile cutting capabilities replacing manual box top cutting for picking applications. It is designed as a tops cut only model with a fixed depth for cut. This case cutter handles case sizes from 6"-19" wide, 8"-30" in length, and case heights from 4" minimum to 19" maximum. It automatically sizes product cases in one of its several operating modes and features a motorized roller conveyor unit for transporting cases from the in-feed to the cut zone and then to the out-feed area.
